

Green Private Placement Project (post issue)

ISSUED 2022-MATURITY 2028

(ISIN XS2512307229)

March 2023

Eligible Category

Renewable energy (Solar PV energy generation)

Full amount project

81.7 mln

Financed amount

Total 50.0 mln

KPIs

- Installed renewable capacity [Mw]
- Net produced electricity from renewable non-fossil sources per operating year [MWh]
- Avoided CO₂ emissions from fossil sources per operating year [t]

Project description

On 16 February 2022, Iren Energia S.p.A. finalised the acquisition of the entire share capital of Puglia Holding Srl. This company in turn fully controls 5 Special Purpose Vehicles (SPVs) holding the various authorisations for the construction and management of the Troia photovoltaic plant located in San Vincenzo and Montevergine in the province of Foggia.

The total nominal power is 103 MW, with an estimated annual production of 150,079 MWh.
